

HIGHER ORDER THINKING SKILLS REPORT

Student Name:	Nisha Menon	Date	12/13/2026
School	Billabong	Grade	3rd
Level	Advance		

OVERALL INTERPRETATION

🌟 Excellent

Deep understanding, accurate, independent thinking

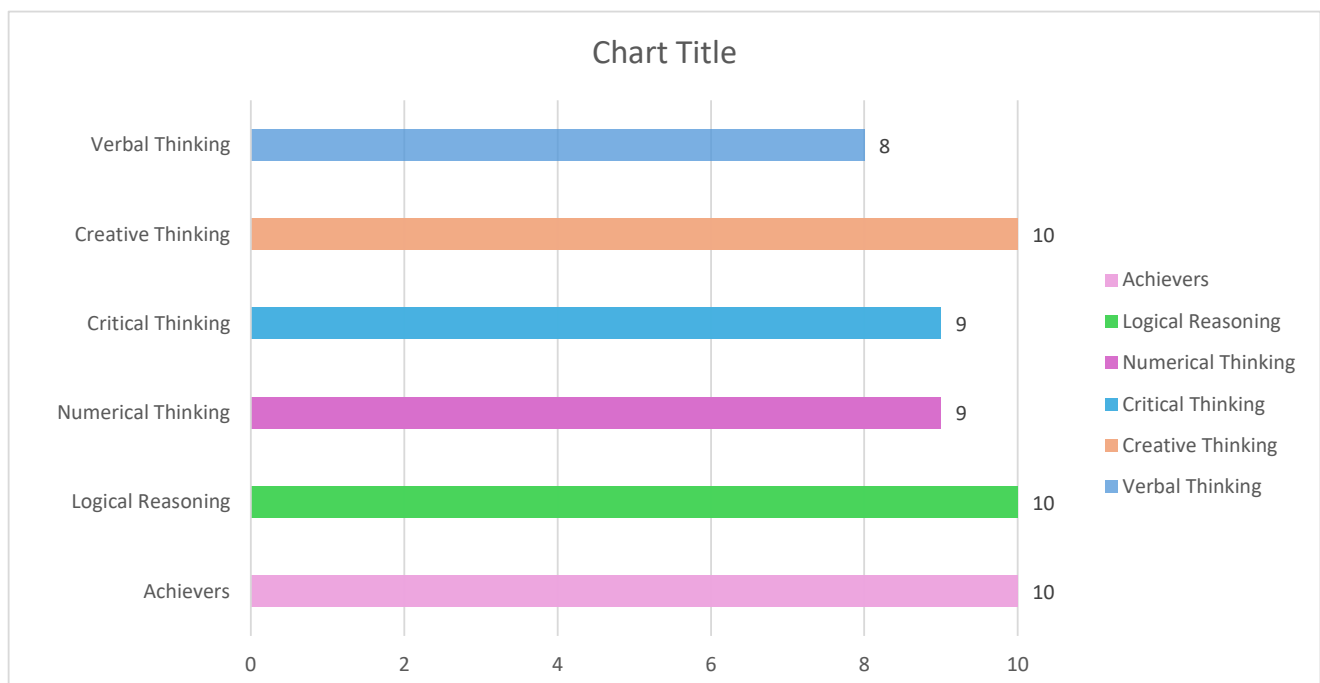

Outstanding HOTS performance across all areas. Student shows deep understanding, independent reasoning, and confident application of concepts.

Teacher's Remark : Demonstrates exceptional thinking and problem-solving skills.

STRENGTH : Achievers

Needs Attention : Verbal Thinking

Achievers	Logical Reasoning	Numerical Thinking	Critical Thinking	Creative Thinking	Verbal Thinking	Total / 60
10	10	9	9	10	8	56

Achievers

Indicators:	Notices fine details, accurately compares and explains
--------------------	--

 Suggested Activities & Strategies	- Advanced picture interpretation tasks with multi-step analysis. - Spot-the-difference challenges with 10+ changes. - Data-reading exercises using charts or simple graphs. - Nature observation journals with drawn diagrams.
--	--

Logical Reasoning

Indicators:	Solves complex patterns independently
--------------------	---------------------------------------

 Suggested Activities & Strategies	- Complex pattern extensions (AAB, ABB, ABBC sequences). - Multi-step riddles and lateral thinking puzzles. - Strategy board games (Chess, Sudoku for kids). - Classify objects by three attributes simultaneously.
--	--

Numerical Thinking

Indicators:	Applies concepts accurately in new situations
--------------------	---

 Suggested Activities & Strategies	- Multi-step word problems with mixed operations. - Number pattern challenges (skip-count by 3s, 4s, etc.). - Simple mental math speed drills. - Real-world application — budgeting a pretend shopping trip.
--	---

Critical Thinking

Indicators:	Gives logical explanations with reasoning
--------------------	---

 Suggested Activities & Strategies	- Open-ended debate prompts ('Should animals be kept in zoos?'). - Pros-and-cons thinking maps for everyday dilemmas. - Case-study problems — evaluate multiple solutions. - Socratic questioning discussions in small groups.
--	---

Creative Thinking

Indicators:	Highly original and unique ideas
--------------------	----------------------------------

 Suggested Activities & Strategies	- Open-ended invention challenge ('Design a gadget that solves a problem'). - Storytelling with unexpected plot twists. - Combining two unrelated objects into a new invention (sketch & explain). - Collaborative creative building projects (LEGO, recyclables).
--	---

Verbal Thinking

Indicators:	Good vocabulary and clarity
--------------------	-----------------------------

 Suggested Activities & Strategies	- Show-and-tell with follow-up Q&A. - Retell a story in own words (beginning, middle, end). - Vocabulary-building word games (synonyms, riddles). - Partner interview activities ('Ask your friend 3 questions').
